

Amersfoort : December 9th 2024

Declaration of Conformity with the General Product Safety Regulation (GPSR)

We, Wilco B.V., located at Vanadiumweg 2, 3812 PZ Amersfoort in the Netherlands, hereby declare that our printed books and magazines comply with the requirements of the General Product Safety Regulation (GPSR).

As a leading printing company, we are committed to the highest standards of quality, safety, and sustainability. Our production processes are certified under ISO 9001 (quality management) and ISO 14001 (environmental management), emphasizing our dedication to continuous improvement and environmental awareness.

Additionally, we exclusively use certified paper that meets the standards of FSC (Forest Stewardship Council) or PEFC (Programme for the Endorsement of Forest Certification), ensuring the paper originates from sustainably managed forests. We do this partly to comply with the current and future requirements of the European Union Deforestation Regulation (EUDR) once it comes into effect. For our printing processes, we utilize Cradle to Cradle-certified inks, which are safe for humans and the environment, contributing to a circular economy.

Our books and magazines are produced in accordance with strict quality standards and using safe and sustainable materials. We hereby declare that these products, based on current knowledge and technology, pose no risks to the health and safety of users when used as intended.

In line with the GPSR, we conduct thorough risk assessments, taking into account reasonable consumer expectations and the typical use of our printed products.

We also ensure complete traceability of our products through a transparent registration system. This enables us to accurately track the origin, production processes, and materials used, ensuring that we can always demonstrate compliance with relevant safety and sustainability standards.

Wilco B.V. continuously monitors and evaluates whether its products meet applicable safety and sustainability standards, in accordance with European regulations and any updates thereto.

For questions about this declaration or our procedures, please contact your account manager or the undersigned.

Sincerely,
Wilco BV
